BROOKLYN AFFAIRS.

ard of Aldermos-The Mayor on His Dig-

nity.
On the 8th of May Mayor Kalbfielsch sent a comation to the Board of Aldermen setting forth Board of Water and Sewerage Commis had overdrawn their account for street cleaning for the current year. The matter was referred to the rater and Drainage Committee, and at the next seeling of the Board the committee submitted a sport censuring the Mayor by Inuendo. The follow-

Resolved, That the Board of Water and Sewerage Com-nissions have discharged their trust in reference to the natter charged against them by his Honor the Mayor, in his ommunication made to this Board on May 8, 1871.

The Mayor became a little indignant at this, beving that he was right, and sent in a communication to the Board at their meeting yesterday returning the resolution and giving expression to his opin-ion. He said that he would be wanting in self-re-spect and unworthy to hold the high position to nich he nad been elected if he failed to rebuke the onthors of this, not only uncalled for, but gross mispugning of the motives which have actuated him in what he conscientiously believed to be his duty in the premises. In his communication on the 8th of May he stated that on the 4th of March last \$49,500 of the \$120,000 raised for street cleaning purposes for the current year had been drawn from the treasure.

It was shown that the Commissioners had used he money to pay off the bills for street cleaning, which had been incurred in 1869.

Alterman Bergen submitted a report to show that the accounts of the Water Board were all correct; that the money had been properly used.

The communications were received and placed on

file.

Alderman Bergen, of the Tenth ward, asked to have the assessment for the grading and paving of Hamilton avenue from South to First streets confirmed. The assessments amount to \$70,000.

The matter was laid over for one week.

The new station house of the Tenth precinct, at the corner of Bergen and Pearsall streets, was fornally opened to the public last evening. There was a large company of ladies and gentlemen present, who were courteously received by the gental Captain Cassidy, who escorted them about the clegant building. The new station house is a large three story brick structure, with brown stone trimmings, and contains all the modern improvements. It is probably the finest building of its kind in Brookiyn. A pleasant feature of the reception last evening was the presentation of a gold badge to Captain Cassidy by a number of the residents of the precinct.

He had been mediating suicide for three years from causes unknown to any one.
